

August 2017 Board Notes

4c. It's early in the year so financial statements don't show a lot yet.

4d. We may have a personnel recommendation for a para-educator but will likely hold off until the work session with the architect.

8a. We need to select a student school board member. You will do the final interview before the meeting and then need to decide. You have three great candidates to choose from.

8b. Hunter revised the rental agreement following the July meeting and I have loaded it for your review and approval at the meeting.

9a. We are prepared to close on the land south of the high school. The official closing date is Tuesday, August 22nd. You've already approved the purchase, so this approval is for the final payment to close this deal. As we are about to start moving dirt, this is very timely.

9b. We will need to approve bids for the propane contract and possibly the filling station. I will have more information at the meeting.

9c. We need to approve our fuel bids for this year.

9d. We have been discussing moving our Iowa BIG program from downtown out to the bus barn. Our intent is to have the students design their work place and have it complete by Christmas break. The first step is getting the asbestos removed. It is located in the popcorn ceiling texture and floor tile.

9e. Each year we have Mike Donahue from R5 productions come and present at the high school. He is well received by the students and has a variety of messages. I recommend we approve this.

9f. We have three foreign exchange students this year that need to be approved. Two are from Germany and one is from Italy.

9g. We need to cast our official vote for our AEA Director.
